

Pure Water Paddlers
Meeting Minutes
5-26-2004

Minutes from 4/24/2004 – Read and approved.

In Teresa's absence contact Jon to add items to the website.

Included in every meeting going forward we should have the following items:

- The number of paid members that we have at the current time.
- A treasure's report

Discussion was held around being a non-profit organization and some of the items that are being emailed through the Yahoo group as far as advertising. More discussion was held on why we want to be a non-profit organization. The decision was made to bring this up at the next meeting when Bob was available to address his research and findings into Liability issues, etc.

The next paddle meeting will be held on June 23rd after a paddle. We will meet at Mt. Simon landing, meet at 530p – Jon will send directions.

Discussion was held on how to reach out to people with no email. The decision was made that most people without email would know someone with email to get the information from. However, if we had paying members that didn't have email then we will need to send the member a postcard with the trip information on it.

Renee Sabranek will create a flyer to reach out to be put into businesses to help generate interest in the club.
